doi:10.1017/cem.2016.394

In the original publication of “International Federation for Emergency Medicine Consensus Statement: Sonography in hypotension and cardiac arrest (SHoC): An international consensus on the use of point of care ultrasound for undifferentiated hypotension and during cardiac arrest,” five authors were not listed in the IFEM SHoC group, both in the author listing and in the Acknowledgments section. They are as follows:

Raoul Breitzkreutz, MD; Hong Chuen Toh, MB; Arif Alper Cevik, MD; Ang Shiang Hu, MB; and Larry Melniker, MD, MS.

The authors and editors regret these omissions, and the original article has since been updated.
