Introducing

Pr **Penthrox**TM
methoxyflurane

PENTHROXTM (methoxyflurane) is indicated for short-term relief of moderate to severe acute pain, associated with trauma or interventional medical procedures, in conscious adult patients.

Please consult the PENTHROXTM Product Monograph at <http://purdue.ca/en/products/Penthrox-PM> for more information on conditions of clinical use, contraindications, warnings and precautions, adverse reactions, drug interactions, and dosing information which have not been discussed in this piece. The Product Monograph is also available by calling Purdue Pharma at 1-800-387-4501.
