

Index to Volume 5, 2003

| | | | | | | | |
|--|-------------------------|-------------------------------|-----------------------------|---------------------------|--------------------|-----------------------------|-------------------------|
| A-B | | E | | L | | Q | |
| abdominal pain | 263 | education | 336 | learner-centred | 400 | qualitative studies | 87 |
| access | 81 | efficiency | 131, 271 | length of stay | 155 | quality | 131, 271, 351 |
| activator | 421 | emergencies | 394 | lidocaine | 245 | | |
| acute presentations | 268 | emergency bed shortages | 87 | lumbar puncture | 349 | | |
| advocacy | 336 | emergency department | 11, 155, 247, 263, 356, 429 | | | R | |
| airway management | 255 | emergency department | | M | | radiography | 309, 416 |
| allergic reaction | 421 | administration | 276 | malaria | 127 | reliability | 315 |
| alternative health care | | emergency department | | medical education | 400 | research | 108 |
| providers | 276 | role | 87 | meningitis | 394, 349, 412 | respiratory syncytial virus | 239 |
| Antarctica | 171 | emergency medicine | 268, 331, 336, 406 | meningococcal sepsis | 268 | rural and remote | 104 |
| antidote | 5, 12 | emergency preparedness | 18 | mental nerve neuropathy | 259 | | |
| antiretroviral therapy | 38 | emergency services | 276 | metastatic carcinoma | 259 | S | |
| asthma | 169 | epinephrine | 245, 380 | | | SARS | 235, 281, 343, 381, 384 |
| atrial fibrillation | 213 | Epstein-Barr | 263 | N | | screening | 384 |
| BNP | 163 | evidence-based | | needlestick | 36, 38, 47 | sensitivity | 384 |
| | | medicine | 331, 406 | Nepal | 424 | septicemia | 268 |
| C | | examination | 120 | non-occupational exposure | 38 | spinal cord injury | 7 |
| <i>Canadian Emergency Department Triage and Acuity Scale</i> | | exception to informed consent | 108 | nose | 356 | spleen rupture | 263 |
| (see CTAS) | | | | nurse practitioners | 276 | staff shortages | 87 |
| capnography | 169 | F-G | | O | | systematic reviews | 331, 406 |
| cardiac arrest | 49 | fibrinolysis | 49 | observation unit | 239 | | |
| case definition | 384 | finger | 245 | outcome | 247 | T | |
| case-mix groups | 27 | foreign bodies | 356 | overcrowding | 4, 81, 87 | terrorism | 18 |
| CAEP 2003 Scientific | | fractile response | 315 | overdose | 12 | tissue plasminogen | |
| Abstracts key word index | 212 | fracture | 96, 309 | | | activator | 421 |
| cervix | 120 | | | P | | thoracostomy | 361 |
| chest pain | 125, 237, 247, 308, 380 | H | | panic disorder | 237, 247, 308, 380 | thrombolysis | 49 |
| children | 96, 394 | Haiti | 54 | pelvic | 120 | thyrotoxic periodic | |
| clavicle | 309 | HIV | 36, 38, 47 | pericarditis | 123 | paralysis | 353 |
| collaboration | 429 | human resources | 276 | pneumatis intestinalis | 416 | thyrotoxicosis | 353 |
| conflict | 429 | humanity | 213 | pneumothorax | 361 | toxicology | 12 |
| congestive heart failure | 163 | humour | 133 | poisoning | 12 | triage | 27, 104, 315 |
| continuous positive airway | | hyperkalemia | 175, 219 | posterior ECG leads | 115 | tropinin | 125 |
| pressure | 108 | hypoglycemia | 268 | posterior myocardial | | | |
| contrast reaction | 167 | hypokalemic periodic | | infarction | 115 | U | |
| corticosteroids | 7, 412 | paralysis | 353 | post-exposure | | ultrasound | 263 |
| cruise medicine | 359 | | | prophylaxis | 36, 38, 47 | urgent care | 351 |
| CTAS | 27, 104, 155, 315, 323 | I-K | | postgraduate education | 400 | urinary tract infection | 394 |
| curriculum development | 336 | informed consent | 108 | prehospital | 108 | uterus | 120 |
| | | injuries | 309 | presenting complaints | 27, 323 | utilization | 315 |
| D | | international EM | 54, 424 | prevention | 336 | | |
| diagnosis | 384 | interrater reliability | 120 | public health | 336 | V-W | |
| disaster | 18 | | | pulmonary embolism | 49 | vascular injury | 56 |
| dispute resolution | 429 | | | pulse oximetry | 239 | West Nile virus | 101 |
