

**Global EM Committee - Update for Annual Report**  
**Chair: Amanda Collier**

Over the past year, committee and interest has grown from ~ 10 people to community of 40 people.

- Started Global EM webpage, with further content planned soon
- Started Google Groups for communication and networking (40 members)
- Collaborating with Rural and Remote committee to share a Slack site for further communication between those two committees (significant crossover)
- Medical student recruited with plan to do short blog / committee member profiles for the webpage to highlight the work CAEP members are doing

**Global EM Mentorship Program**

- Created and launched mentorship program matching staff with residents interested in Global EM

**Global EM Position Statement**

- Working group created to develop a position statement for best practices and practical steps to incorporating Global EM in Canadian EM departments. (First draft in progress)

**Building Collaborations**

- Discussions with leadership of ACEP international committee on their experience building their committee, and growing the international voice with ACEP
- Discussions with president of AFEM
  - Presented at AFEM open day - introduced CAEP to AFEM membership, and opened door to new collaborations
  - Upcoming meetings with some of the other organizations that were present at AFEM open day
- Meetings with Canadian Red Cross and potential of building a roster of deployable ER physicians from among CAEP members

**CAEP 2021**

- 5 amazing international speakers recruited for the Global EM track
- Networking event for all new members (and open) to meet each other
