

Section 3: Simulation Activities CPD Accreditation Application Guide

Overview

This guide outlines the requirements for accrediting simulation activities under Section 3 of the Royal College's Maintenance of Certification (MOC) program.

Simulation activities are designed to reflect real life situations to enable participants to demonstrate and receive feedback on their clinical reasoning, communication, situational awareness, problem solving and (where applicable) their ability to collaborate and work effectively within a healthcare team. Simulation activities reflect a range of options including role playing, use of standardized patients, task trainers, virtual simulation, haptic simulation, theatre simulation or hybrids of any of these examples.

Before You Begin

- Activities must be developed or co-developed by a physician organization. Confirm eligibility <https://www.royalcollege.ca/en/standards-and-accreditation/cpd-accreditation/defining-physician-organizations>.
- Accreditation of Section 3: Simulation Activity is valid for a maximum of 3 years from the activity start date.
- Retroactive accreditation is not permitted.
- The developing organization must retain all records (including attendance records) for 5 years.
